Volumi metallici

unica
TARGET GROUP

**La materia, solo la materia: questo è il tema di Chromium.
Liberamente ispirato agli effetti screziati che si formano nei
processi spontanei delle reazioni chimiche,
Chromium li reinterpreta dandogli una forza ceramica inaudita.**

**Due formati, 60x120 cm e 20x20 cm,
in due colorazioni: il bianco e il blu.**

**Uno smalto reagente, che affoga e ondeggi in
volumi metallici, dà un carattere forte alla superficie.**

**Il metallo si stempera nello smalto bianco,
e nel blu che ricorda gli abissi, creando effetti e
riflessi di colori luminosi.**

**Il risultato è una collezione perfettamente equilibrata che
descrive ambienti sontuosi, ma al tempo stesso futuristici.**

Substance, plain substance of glazed and rich materials.

This is the theme for Chromium.

*Inspired by streaked and dappled effects which are
formed during spontaneous chemical reactions,
Chromium reinterprets these natural effects with great strength.
Two formats, 60x120 cm / 24"x48" and 20x20 cm / 8"x8",
in two colors, white and blue.*

*A reagent glaze, which sways and sinks into
striking metallic volumes, giving the surface a strong temper.
The metal blends into the pure white and the deep abyss blue,
creating luminous reflections.*

*The result is a perfectly balanced collection which adapts to
sumptuous environments, as well as to futuristic surroundings.*
