

ASSORTMENT 2021

Effective from
January 1st 2021

HELLO.

Dear Customer,

Well - if there's one thing we can say about 2020, it's that it turned out to be rather different from what we all expected - that's probably an understatement! We kept the fire burning though, introducing new products like the 60L and 2x45L Bo Laundry Bin, adding new items to our ReNew and Sink Side collections, welcoming the 25-litre to the Sort & Go-family, and introducing four new colours.

If all goes well, then in 2021 we will be moving to our newly built sustainable headquarters. And we have lots of new products up our sleeve. Like the HangOn Drying Racks for drying laundry anywhere in the house – what really sets these racks apart are the loops for clothes hangers, great for drying blouses and shirts. There's a HangOn Drying Rack with 15, 20 and 25 metres of hanging space and 25 metres plus rod, all sustainably made in White, Matt Black and Metallic Grey.

The Sort & Go family will be extended with the Sort & Go 40-litre bin – a taller bin available in Mint, Fir Green, White and Grey. The biggest Sort & Go bin to date is ideal for larger households and their waste separating needs. Doing the dishes – something 70% of people in Belgium (Flanders), the UK and Spain do almost every day – goes from chore to cheer thanks to two new ultra-handly Foldable Dish Racks in Dark Grey and Light Grey and a soft silicone Sink Mat in Dark Grey.

In 2021, we'll be continuing to take steps towards 100% circular design, always looking for the sweet spot between design and sustainability. We will also continue our support to WeForest and their efforts to cool down the planet by planting trees in Africa's Great Green Wall. Together, we have planted over 2 million trees so far, making a huge impact.

Whatever 2021 brings us, let's try to keep our spirits up, and sales alike. As always, we're here for you with point of sale material, digital content packages, consumer advertising, service and web support. Please let me or a member of my team know if we can support you in any other way. We are happy to help.

Best wishes,
Export Team

WELCOME.

WITH LOVE AND CARE.

We love the planet as much as you do, and we want to leave it more beautiful for the next generation. Sustainability is in our nature, and in our products. We are committed to becoming 100% circular in all our designs. It's ambitious, but nothing worthwhile is ever easy.

MOVING TO 100% CIRCULAR DESIGN

Call it a purpose, a mission or even a compulsion. Whatever words you choose, it's a real thing. Caring for others and the environment, caring for the earth that nurtures us, the air we breathe and the water that helps us flourish. We're not perfect, but we're all responsible and we all have a part to play. Some small, some big. It's in everything we do and always has been. We create products where beauty meets sustainability. And right now, it's more important than ever. Why? Because there's no longer a choice between profit or planet, we're entering a period in time where all of us have the chance to make a difference. With every action we take, with every decision we make. That's why we're choosing to leave the next generation a legacy, not a mess. We're making the move to 100% circular design by 2035. How about you?

The plastic Sort & Go Recycle bins are all you need to set up your own system for storing and sorting different types of waste. The 3, 6, 12, 16 and 25 litre bins now have a big 40L brother, great for bigger chores.

See page 19

SORT AND GO

NEW. The 40L Sort & Go bin has the perfect size for lots of waste or bigger families. Thanks to its sturdy handle and smart grip on the bottom, it can easily be carried and emptied, even when filled with 15 kilos of waste. Of course, it comes with a 10-year Brabantia guarantee and matching PerfectFit bin liners size L.

See page 19

NEW. Doing the dishes is never a chore with the Sink Side collection. Like the new Foldable Dish Racks with drip-tray. The large one happily holds up to 15 plates, has two removable cutlery baskets and hanging space for 4 wine glasses. The regular sized rack has one cutlery basket and can hold up to 11 plates. Drying in style with a 5-year guarantee.

See page 49

SOFT LANDINGS

NEW. The soft silicone Sink Mat protects your dishes against scratching, chipping and slipping. It has suction cups to make it stick to your sink and can extend to fit sinks from 30 to 45 cm wide. On the countertop, it can also be a coaster for hot pans and oven dishes (up to 220 °C). And it is a great drying mat too, letting air and water flow!

THE HUNGER PROJECT

Our storage jars with measuring cups help reduce food waste, and help end hunger too. For every storage jar you buy, The Hunger Project trains up a local person in Africa, South Asia or Latin America, teaching them useful agricultural skills. Together, we can put a sustainable end to world hunger by 2030.
